Title of the Project:

Student Number:

ANKARA YILDIRIM BEYAZIT UNIVERSIT
Department of Mechanical Engineering
ENGR450-Application Engineering On Site Presentation Evaluation Form

Category	Sub-Category	Assessment (please circle the appropriated mark)						Summation of Marks		
			Not Available	Partly Available	Poor	Sufficient	Good		Excellent	
Work presentation	Engineering Analysis & Design	- Formulated the problem with clear objective and constraints -Used appropriate engineering/statistical/computational tools - Proper design and drawings in order to seek the solution - Appropriated design according to the constraints and standards	Supervisor	0	1	2	3	4	5	
	Manufacturing, Operation & Testing	-Developed a feasible and cost effective manufacturing plan and performed -Impact of the design on the society	Supervisor	0	1	2	3	4	5	
	Teamwork	- Performed effectively as a team member in the engineering analysis and Manufacturing	Supervisor	0	1	2	3	4	5	
	Miscellaneous	-Obligated by the ethical and professional responsibilities -Completing the report in required format and submitting on given deadline	Supervisor	0	2	2	3	4	5	
								/20
